Subject: Moving on...

Hello,

As some of you may have heard, today is my last day as Congressman Paul Gosar's Legislative Director. Starting on Monday, I will be moving over to the Senate side to handle Senator Dean Heller's agriculture, energy, environment, natural resources, and public works portfolio.

While I am very excited about this opportunity, it is also very hard to leave such an incredible member, Paul Gosar, and the awesome team we have here in our office. I strongly value the many remarkable experiences and the people I have met with over the past six years w/Paul and my former boss Congressman Mike Turner. It has been wild ride that I will never forget nor take for granted.

Please stay in touch. My new work contact info – email: Jeremy_harrell@heller.senate.gov – phone: (202) 224-6244. But also feel free to reach me at my personal email: Jeremy.harrell@gmail.com or on [LinkedIn](#).

For the time being, Trevor Pearson (Trevor.Pearson@mail.house.gov) and Michael Mansour (michael.mansour@mail.house.gov) in the Gosar office will be handling my legislative portfolio. For other issues, you can contact the Congressman's Chief of Staff Tom Van Flein at (tom.vanflein@mail.house.gov).

It has been a privilege to work with you all. I hope to come across many of you in my new role.

Have a great evening and talk to you soon.

Jeremy B. Harrell
